+49 (0) 170 356 255 8 (Patrick Knölseder)

Formed in 2020 The Strange Seeds, consisting of Jacob James Bryden (dr.), Valentin Michetschläger (org.), Patrick Knölseder (git.) and Florian Hackl (voc.,b), deliver steady heavy blues rock out on the road . Since their inception, they've recorded their debut album "Plant", "The Raw Takes"- EP and their second studio album "Grow", to be released in early Summer 2024.

Soundwise, The Strange Seeds merge heavy drum rhythms with thunderlike basslines and sweet keys with roaring guitar solos, underscored it all with vocals straight from the heart.

With more than 80 live gigs under their belt, The Strange Seeds enjoy cherishing this sonic amalgamation in tender jam sessions when live on stage.

Plant 2020

Fully loaded with heart, soul, and rock and roll, “Plant” is the eight-track album that started it all.

Tobacco Factory Rawtakes 2022

Recorded in a tobacco factory, the “Rawtakes” detour down the roads of subtle reggae grooves, psychedelic soundscapes, and a spoonful of heavy rock.

**THE STRANGE SEEDS
RAWTAKES VOL. 1**

Grow 2024

“Grow” is The Strange Seeds’ latest bluesy flower child that takes a meandering stroll down the meadows of rock and roll.
